From the Chief Catalyst...

AMIT SRIVASTAVA

SUN NEVER SETS!

It's the earth that revolves. Right?

Sun always evolves...

Nutrifytoday C Suite summit is here and evolving to be the next big thing by the 6th and 7th of June in 2024.

We are on a journey to build truly democratized and transparent supply chain access across the world. As Nutrify Today C Suite Summit is a journey, you are in it every day. We will come to you and work closely with you and governments to create success stories of sustainable transparent and democratized supply chain access. Remember we are now powered by the world's first curated AI engine- Nutrify Genie!

As we plan to get onto the floor to work with you from July onwards, we look forward to your continued support as this collective movement is for benefiting all in the industry.

In the c suite summit 2024 we shall review the success stories and sustainable scalability that we all achieve in this journey. Hence Nutrify C Suite Summit 2024 will be way different than Nutrify C Suite Summit 2023. Remember Nutrify C Suite Summit 2022? It was way different.

*As we are evolving together, we announce giving an appropriate name to our journey **NUTRIFY C SUITE SUMFLEX 2024***

*The term **SUMFLEX** stands for evolving and flexible summit.*

So, await calls from our team, we are coming to build business success stories together starting in July.

*For those who missed out on being part of nutrify c suite summit 2023, join the journey **NUTRIFY C SUITE SUMFLEX**.*

As we said: Sun never sets. It evolves.

*The United Responsible Nutraceuticals Community of the world shall evolve in the journey of **NUTRIFY C-SUITE SUMFLEX**.*

You are still on time :-)

AMIT SRIVASTAVA

The prestigious C-Suite Summit held at the Taj Mahal Palace, Mumbai on 8th and 9th of June, set the stage for an extraordinary moment of innovation and progress in the nutraceutical industry. Amidst the gathering of top executives and industry leaders, a ground breaking solution took centre stage, captivating the audience with its potential to transform the way ethical nutraceuticals are designed, developed and commercialized. NutrifyGenie, the world's first Idea to Commercialization Curated AI Engine, was unveiled, showcasing its ability to streamline processes, minimize time, and maximize profits. The remarkable platform became the focal point of discussions, highlighting how it could reshape the future of the nutraceutical industry.

This curated AI Engine was used to present a comprehensive solution, from ideation to commercialization, providing executives with a powerful tool to navigate the complex world of ethical nutraceutical products. Its ability to structure ingredients, incorporate clinical references and check regulatory guidelines embarked confidence to the nutraceutical world. The Engine's extensive portfolio opened up a vast array of differentiated product possibilities, ensuring businesses to meet the diverse needs and preferences of consumers. The AI's ability to generate innovative nutraceutical concepts, with its vast network of over 2800 contract manufacturers, 1500 distributors, suppliers, CRO's and pack designers demonstrated its remarkable capability to reduce go-to market time by 50%, empowering companies to stay ahead of competition. As the industry seeks to embrace responsible practices and address evolving consumer demands, NutrifyGenie emerged as a game-changer, offering a transformative approach powdered by artificial intelligence. The platform's commitment to Science, Safety and Sustainability resonated strongly with the attendees, who saw in NutrifyGenie a catalyst for positive change in the nutraceutical market.

With NutrifyGenie at the forefront, the nutraceutical industry stands poised to navigate the challenges and seize the opportunities for tomorrow.

THANK YOU PARTNERS FOR NUTRIFY C SUITE SUMMIT 2023

A company that focuses on ingredient efficacy quality ensures consistent effects, leading to customer loyalty and the brand's long-term success. Working in close consonance with Medical Science, CEPHAM has produced bio-active nutraceutical ingredients for over 35 years.

In collaboration with growers from India, Africa, Europe, and South America, CEPHAM produces high-quality herbal ingredients, phytochemicals & nutraceutical chemicals for the supplement and alternative medicine industry.

Over the last 35 years, CEPHAM has entered partnerships with Five American Universities, thereby developing a robust, R&D base.

OmniActive Health Technologies is one of the major players that has steered the Nutraceutical and Natural Health Industry. With a keen focus on developing scientifically validated, health ingredients, they have a customer-centric approach, while eyeing a major, global footprint.

Led by Sanjaya Mariwala, the Group is keen on promoting Indian Nutra Inc and is more than doing its bit to help the industry thrive in India. Today, we welcome them on board as our partners for the C-Suite Summit, to help India realize its 100 BN Dollar Nutra vision.

Bio-gen specializes in creating health ingredients, catering to the needs of the global consumer, while tending to strict, transitional regulatory standards.

Specializing in Nutraceutical extracts and other products, Bio-gen has adopted core scientific techniques and methodologies for related products, focusing on customized solutions to deal with the needs and requirements of the customer base.

The aim is to ensure greater standards in terms of safety, traceability, transparency, quality, and consistency.

Bio-gen is a producer of a wide range of products, with nutraceutical extracts at the very core.

GENCOR Pacific specializes in single herb extract products, clinically tried, and approved their range of products is vast, from fitness and sports health products to products catering to specific health needs, products catering to women and children, and products that cater to a progressively aging populace.

Gencor offers an incredible list of single herb extract products, which cater to changing needs of customers, It Specialise in health, fitness, women, and childcare products apart from products that cater to an aging population.

Driven by the zeal for wellness and better health care, Gangwal Health-care Private Limited began its journey in 1987 and has now emerged as a pioneer in providing better health and well-being. The organization's keystone has been a keen understanding of the consumer and a consuming passion for R&D and innovation. The 2023 C-Suite Summit is going to get bigger and better, with more stakeholders participating.

A global leader in beverage, food, health, biosciences, and sensorial experiences, IFF develops a range of products, varying from cosmetics to health use, nutraceuticals-probiotics, and herbal and renewable products.

An international collective of thinkers, who partner with customers, IFF combines the aesthetics of art with the logical precision of science, to help create "better for you," products. By building a strong partnership base with customers, IFF has developed access and availability to world-class R&D, to develop and better a varied portfolio of products.

Allianz Biosciences Pvt Ltd (ABPL) is an exclusive Probiotic Research and Manufacturing facility, dedicated to manufacturing high-quality probiotic formulations complying with Global Standards.

The state-of-the-art facility is equipped with cutting-edge machinery with high automation and is proud to employ personnel who have 20+ years of probiotics manufacturing experience and expertise. ABPL is a WHO-certified and GMP-compliant facility that has received ISO 9001:2015, FSSC 22000, and ISO 45001:2018 accreditations from SGS Geneva.

ABPL has innovated various “1st time in the World” dosage formats in Probiotics & Nutraceuticals. In fact, ABPL today boasts of offering the widest variety of probiotics dosage formats in India including Capsule, Capsule in Capsule, Sachet, Sachet in Sachet, Stick pack, Tablet, Chewable Tablet, Mouth Dissolving Tablet, Dry Syrup, Liquid Vials, Liquid Drops.

ABPL has produced more than 2900 million probiotic units since its inception and currently manufactures probiotic products for leading Indian Pharma companies including Sun, Mankind, Cipla, Abbott, Dr. Reddy's, Torrent, JB USV, Himalaya, to name a few. ABPL also exports probiotic products to CIS, Latam & SE Asian countries apart from being qualified as a preferred FDF manufacturing partner of global probiotic companies.

ABPL is looking forward to becoming “Your Preferred Probiotic Partner”

Ambe, are in the business of creating ingredients that meet tomorrow's healthcare needs. They invest in R&D and Clinical testing to bring value addition to existing and new ingredients, making them a perfect match for new formulations and innovative dosage formats in the market.

While being a leader in standardized extracts, their focus for the next decade is on Branded ingredients – that is clinically validated and carry strong claims for safety and efficacy. They currently have 4 Branded ingredients in our portfolio and a few others in various stages of testing. These include India's first and only FSSAI-approved Pine Bark Extract (Pinorox), India's first nasal application of Andrographolide (BioImmune), a natural weight loss ingredient that can reduce upto 2.4 kg in 45 days, and many more. Each of their ingredients carries a strong advantage that benefits our buyers as well as end users.

A global pioneer and leader in the production of Naturally extracted Astaxanthin, AstaReal's motto is well-being and wellness for all. With over 70 clinical trials to its credit, it has now emerged as the world's leading producer of Natural Astaxanthin.

A subsidiary group of the Japanese parent company, Fuji Chemical Industries Co., Ltd. Asta Real has emerged as the world's leading producer of Naturally extracted Astaxanthin. More than 30 years of research and trials have gone into the making of this product. Recently Fuji Chemicals announced that clinical trials are being conducted in India in association with Indian partners.

The Crius Group specializes in contract manufacturing, with niche experience in hard-to-manufacture products and specializing in customized production and end-to-end tracking.

They began their journey in 2005 and have emerged as major contract manufacturers in both the Pharma and Nutra sectors.

Today, we at NUTRIFY TODAY, welcome them as partners of the C-Suite Summit 2023, to help create and facilitate an environment for Nutra Inc to take the next step forward.

NUTRA GRACE

The sole manufacturer of Liquid Filled Hard Gelatin/ HPMC Nutritional Capsules in India, Nutra Grace, headquartered in India is now a member of the Nutrify Today Elite Club.

The Elite Club of Nutrify Today brings together leaders from Pharma, Nutra, Food Tech, and medical care sectors, to help the flow of ideas, leading to greater convergence.

Apart from brainstorming ideas, members of the Elite Club get to be highlighted and shown on the Nutrify Today Platform, the world's largest Nutraceutical, online platform.

Nutra Grace brings to the field an innate sense of honesty and transparency through its products and has also expanded in manufacturing base across five countries worldwide.

Nutrify today believes that as a member of the Elite Club, Nutra Grace will bring a lot of experience and wisdom to the table.

Amway is the world's No. 1 direct-selling company with a presence in over 100 countries & territories. Amway India commenced commercial operations in May 1998 and has emerged as the largest Direct Selling FMCG Company, accentuating our vision of helping people live better and healthier lives."

At Vantage Nutrition we help our customers and partners get their quality nutraceutical products to market, faster. We're able to do this because we understand that in the nutraceutical industry, timing is everything.

So, to make sure our customers capitalize on the latest trends, we've done all the hard work, ensuring they have access to the latest in market intelligence, innovative technology, state-of-the-art manufacturing, packaging, and brand development. It's what we call our Vantage 360° concept-to-customer solution. With 60 years of dedicated integrated pharmaceutical manufacturing expertise as a division of ACG World — isn't it about time you spoke to Vantage Nutrition?

Nutriventia's vision of improving the overall health and wellness of the global community resulted in the creation of Nutriventia, with a primary focus on nutrition.

Nutriventia is a brand of Inventia Healthcare - a pioneer in novel drug delivery solutions (NDDS). Their journey began three decades ago, when two scientists with deep-rooted knowledge in medical sciences, ventured out to develop solutions that were an improvement on generic products. Today we are the preferred partner to multinational & Indian transnational companies for their global requirements.

Orish J Bioworks is a DIIPP-recognised startup incubated at IIT Delhi. Orish's patented Nanocurcumin has more than 90% purity and no carrier particles. It has pre-clinical validation for safety and efficacy and is at TRL 4 as per the BIRAC scale.

Nanocurcumin is ready for health and wellness application in nutraceutical products.

Truhealthy is a leading nutraceutical company that prides itself on providing high-quality products and promotes them through ethical marketing. Their formulations deliver patented ingredients through robust formulations which are clinically validated.

With over 150 medical representatives spread across India and a business model that promotes ethical marketing, Truhealthy has become a preferred choice for customers who seek trustworthy and effective health solutions. Recently, the company has expanded beyond India's borders to provide its products globally. Truhealthy's ultimate vision is to promote true nutrition for healthy living, creating a world where people can achieve optimal health and well-being.

BACFO, established in 1994, is a leading manufacturer and exporter of Nutraceuticals Health Supplements, Food for Special Dietary Use (FSDU), Weight Management, Sports Nutrition, Food for Special Medical Purpose (FSMP) Prebiotics - Probiotics, Herbal Medicine, and Personal Care products. It currently exports to 25+ countries in addition to sales in domestic marketing and manufactures for over 50+ leading pharmaceutical companies, pharmacy chains, e-commerce players & network marketing organizations.

The R&D unit is duly recognized by the Department of Scientific & Industrial Research (DSIR), Government of India. A separate pilot-scale Lab with R&D scale manufacturing ensures quick development, sampling & process optimization for its customers.

BACFO is part of the global AKC Group, whose promoters are also behind the genesis of the reputed Amity Education Group, which has diversified business interests in Plastics, Pharmaceuticals, Packaging, Education, Technology Transfer, Turnkey Projects, Finance, Construction, Publishing, and IT. The Group, established in 1976, has over 12,000 people.

Samriddh Nutractive is a manufacturer of the high-quality, novel, and science-backed herbal and plant-based extracts. With a strong belief that food is the best medicine and there is nothing identical to nature we strive to provide the most abundant plant-based ingredients for optimal health solutions.

Their dedicated team is constantly working to improve our offerings through the integration of Traditional knowledge, Modern science, and an Innovative approach to product development. With a holistic approach to health at the heart of every product they constantly endeavor to ensure that the product meets every need of our customers and helps them stand out in the marketplace.

Their branded ingredient B-Lit Bacopa is the most unique and powerful Bacopa Monnieri Extract. Over 3000+ years of Ayurvedic research have clearly evinced Bacopa's role as the most potent Nootropic herb which helps in promoting memory, alertness, concentration, and reducing stress and anxiety among many other benefits.

ZEUS HYGIA LIFE SCIENCES PRIVATE LIMITED is cofounded by technocrats with rich experience in pharma/Nutra industries (Ex J&J, Cipla, DRL, Aurobindo Pharma, Zydus, Celltrion Inc, Omni active Health technologies). Zeus Hyzia is keenly focused on its mission of creating Evidence-based, Efficacy ensured value added plant-based nutraceutical ingredients backed with science to address the therapeutic gaps through sustainable research and innovations.

In a short span, Zeus has commercially launched Seven branded nutraceutical ingredients supported by clinical, preclinical, and toxicology studies. The innovations team has developed multiple platform technologies and filed various international patents for the technologies and products. Zeus has a customer base in more than 8 international markets including North America, Europe, and Japan. In addition, Zeus has got a strong pipeline of innovative ingredients under various stages of development.

Unique Biotech is one of the largest probiotic manufacturers in the world and has been active in the probiotic industry since 2001. Owing to their ideation, expertise, and experience, they have been able to diversify their portfolio of well-researched and characterized probiotic strains and formulations with applications in the food supplement, pharmaceutical, and animal healthcare industries. With the vision of enhancing health and wellness the natural way through scientifically backed probiotic solutions, UBL strives to be a part of your healthier future.

Yodaplus recently had the fantastic opportunity to participate in the engaging C-Suite Summit, hosted by our cherished partner, **NUTRIFY TODAY**.

The summit was a hive of vibrant energy, bringing together the global nutraceutical fraternity. We were thrilled to engage in stimulating conversations about the applications and influence of AI in the Nutraceutical Space.

Our founder and MD, **Vishrut Srivastava**, had a riveting fireside chat with Dr. **Anand Swaroop**. They discussed the advancements and the exciting future of AI in the healthcare sector. The exchange was thought-provoking and reaffirmed our commitment to staying at the forefront of innovation.

It was inspiring to see the transformative impact our work has had on Nutrifly Today's journey. Yodaplus is proud to have been an integral part in helping to build the platform from the ground up, enabling them to leverage technology to revolutionize health and wellness.

The summit reiterated that by combining our technology expertise with industry-specific insights, we can power unprecedented value and drive extraordinary outcomes. Here's to more such synergies and looking forward to shaping the future of nutraceuticals together! 🍌 🌱

Honored to have been a part of the dynamic C-Suite Summit hosted by our esteemed partner, **NUTRIFY TODAY**. I am continually inspired by the enriching discussions we have around the role of AI in the nutraceutical sector.

Seeing first-hand the influence of the platform that Yodaplus has built for Nutrifly Today and the potential it holds for our industry was truly uplifting.

Listening to **Vishrut Srivastava's** insightful chat with Dr. **Anand Swaroop** about the future of AI in healthcare reminded me of why I am so passionate about this field. There is so much more we can achieve through technology, and I am so glad to be part of this journey, and to see it all unfold.

Lucky to have had the opportunity to speak with **Jon Benninger** and **Len Monheit** about **#Transparency** in the Global Supply Chain as it relates to Nutritional Supplements and how India has a great position to make this a pillar of its supply.

Overall the summit was a few days filled with energy and excitement with some amazing Global delegates.

We were thrilled to be a part of Nutrifly Today C-Suite Summit 2023. It is always a pleasure to meet like-minded people and industry leaders. So much to learn and take away. We thank Nutrifly Today for this valuable networking opportunity and making this a memorable event.

A big Thank You to all who visited us at our booth. We feel absolutely honored for your time and interaction and look forward to many more to come.

Thank you, **NUTRIFY C-SUITE SUMMIT** for organizing a platform for the International Nutraceutical Industry to network. Heartfelt gratitude to Mr. **Abhishek Jain** and the entire team for the opportunity to attend and experience the event on behalf of **Vantage Nutrition**. An enriching knowledge sharing and networking couple of days indeed with global experts in the field. Some of my key take aways from the summit:

1. Prebiotics, Probiotics and Postbiotics are a booming segment with a lot more work to be done in dept than our superficial understanding of the terms.
2. Women health and the growing demands for supplements to cater to this ever-dynamic niche market that may soon become a mass market.
3. Regulatory and efficacy impact on dosage formats of diverse supplements.
4. Technology and Nutrition supplements marrying each other for an amalgamation of solutions from concepts to supply chain.

Today, I had the privilege of lecturing at the C-Suite Summit organized by Nutrifly, held at the prestigious Taj Mahal Palace Hotel in Mumbai, India. My presentation focused on the critical role of optimal nutrition, oral nutritional supplements, nutraceuticals, and pre and probiotics in aiding the recovery of patients after their ICU stay. It was a remarkable experience to engage with a diverse audience comprising professionals from various backgrounds.

During the event, I had the honor of sharing a delightful dinner with the Consul General of the Netherlands in Mumbai and the Dutch representative for agriculture and nutrition from Delhi. This opportunity allowed me to highlight the exceptional contributions of Gelderse Vallei Hospital in Ede, the Netherlands, and Wageningen University & Research in the field of healthcare and nutrition.

I am immensely grateful to Nutrifly and Dutch Medical Food for extending their invitation to me and providing a platform to disseminate the knowledge and expertise of Gelderse Vallei Hospital and Wageningen University & Research. Together, we can make a significant impact on improving patient outcomes and advancing the field of nutrition.

At the Nutrify C-Suite Summit 2023, a captivating presentation "Making India a Global Probiotic Powerhouse" was delivered by our CEO, Mr. Bharat Jhaver. With Tablets India's role in pioneering the probiotic revolution in India via its strain-specific probiotic products, Mr Jhaver's impactful insights resonated strongly with the leaders in Indian nutraceutical industry. We believe probiotics is poised to grow further with various new evidences pointing towards the vast health benefits of daily probiotic consumption. India is poised to become a significant player in the global probiotic market too.

Excellent first day at the Nutrify Today C- Suite Summit in Mumbai, India. The theme of More Health For More People is leading the way. Rather than post pics of people speaking, I thought I would share a view from the conference center. Namaste

One of the highlights of the summit was the unveiling of the **world's first Artificial Intelligence for the nutraceutical industry, Nutrifigenie**. Developed in India, this revolutionary technology speeds up the creation of new nutraceutical products.

Our Founder and CMD, Mr. **Suresh Garg**, along with Ms. **Rani Garg**, Director at Zeon Lifesciences, Ms. **Yashna Garg**, CMO at Zeon Lifesciences, **Dr.Vivek Srivastav**, Senior Vice President of Innovations, Business Strategy & Scientific Affairs, and Ms. **Leena Kore** were privileged to be a part of this remarkable event. Also, Dr. Srivastav played a vital role as a panelist in the insightful discussions held during the summit. His expertise and contributions further enriched the event. We extend our gratitude to **#NutrifyToday** for organizing such an enlightening **#summit** that empowers the nutraceutical industry globally.

This remarkable event enjoyed support from esteemed government officials. These included Dr. **Meenakshi Singh**, who is the Secretary to the Nutraceutical Task Force under the Indian government and the Chief Scientist of CSIR. Dr. Manoj Nesari, an advisor to the Ayush Ministry, also provided support. Mr. **Pranav Jyoti** **Middle East, Japan,India,SEA Bridge ESGIRoyal Venture Capital | Market Growth | Impact**, the Executive Director to the Royal Office of HH Sheikh Ahmed Bin Faisal Al Qassimi from the UAE, and Mr. **Bart De Jong**, the Consul General of the Netherlands, were also involved. Industry leaders like Mr. **Sudarshan Jain**, Mr. **Amal Kelshikar**, Mr. **Shivam Puri**, Mr. **Sanjaya Mariwala**, Mr. **Daniel Mabey**, Ms. **Gillian Fish**, Mr. **Suresh Subramanian**, and Dr. **Rolf Smeets** were also present to support the summit.

At Zeon Lifesciences, we remain committed to driving innovation, collaboration, and excellence in the nutraceutical sector. Stay tuned for more groundbreaking developments coming your way!

Deputy Director, Industry Partnerships; Head, Glycemic Index Research Unit, President, SNDA ;...

🌟 Excited to share my incredible experience at NutrifyToday C Suite Summit at Taj Mahal Palace Mumbai! 🎉 Happy to be a part of the summit for 2 consecutive years-2022&2023. Thanks to Amit Srivastava & Nutrify today team for the opportunity to represent Glycemic Index Research Unit, Temasek Polytechnic, Singapore and speak on the topic - Glycemic Index and Mental Health. 🧠🍏.The summit was attended by 350 industry leaders from all over the world and also saw the presence of diplomats from Embassy of Netherlands, Australia and USA. The summit also witnessed the launch of NUTRIFY GENIE, the world's first AI system for the Nutraceutical industry. I was so happy to meet Dr Chitranjan Yajnik after so many years. Dr. Yajnik, a renowned scientist and consultant at KEM Hospital Pune, has dedicated over four decades to studying and researching in the field of intrauterine programming of diabetes and has demonstrated a possible role for maternal micro-nutrient nutrition in its etiology. Very happy to meet Dr Regina Karim and discuss on mutually interesting topics. During my presentation, I highlighted the significant impact of glycemic index on mental well-being. Exploring the intricate relationship between nutrition and mental health, I emphasized the importance of making informed food choices to promote overall well-being and cognitive function.

I am grateful for the opportunity to share my knowledge and learn from the industry's brightest minds at NutrifyToday C Suit Summit. Together, we can make a positive impact on the well-being of individuals and communities worldwide!

Insights on 'Ingredient-Inside' at **NUTRIFY C-SUITE SUMMIT 2023**

We had the honor of being the Nutraceutical Innovation Partner at **NUTRIFY TODAY's NUTRIFY C-SUITE SUMMIT 2023** for a second year in a row! We were able to share our insights on Harnessing the Power of Innovation for value creation for the consumer through ingredients. A fantastic event bringing together several key stakeholders together to develop a responsible and ethical nutraceutical market.

It was exciting to witness the launch of **NutrifyGenie**; a curated AI engine platform for ideation and commercialization of differentiated ethical nutraceutical products, by structuring the complex ingredients, clinical facts, regulatory guidelines and supply chain! Check it out here: <https://lnkd.in/gShqfXj2>

We would like to give our special thanks to **Amit Srivastava, Priyanka Srivastava, Khasim MTI & Akansha K** for their unconditional support, and for a fantastic job in organizing the event!

Saif Mehkri, the Founder & Director of Bio-gen Extracts, was also one of the judges in the Nutra Innovation Challenge. We congratulate **Marco Iotti & Shiva Subramanian** for their win this year!

Bio-gen Extracts is dedicated to play a key role in making India a global nutraceutical powerhouse. We look forward to the **NUTRIFY C-SUITE SUMMIT** in 2024!

The Nutrify C-Suite Summit 2023 offered three key benefits: networking, diversity, and opportunities. The summit provided excellent networking opportunities within the nutraceutical industry. We had the chance to connect and build relationships with professionals from various sectors, fostering valuable connections for future collaborations and partnerships. The diversity present at the summit was truly inspiring. Interacting with attendees from different countries and backgrounds brought fresh perspectives and ideas to the table. The exchange of knowledge and experiences enriched our understanding of the industry and expanded our horizons. One of the most significant advantages of attending the summit was the abundance of opportunities it presented. From engaging discussions and panel sessions to workshops and keynote speeches, the event provided a platform to learn from industry leaders and experts. The exposure to innovative ideas, emerging trends, and cutting-edge technologies opened doors for potential collaborations and business growth. Overall, the Nutrify C-Suite Summit 2023 offered an exceptional experience with its networking opportunities, diverse community, and numerous avenues for professional development and growth.

Yes, the Nutrify C-Suite Summit proved to be highly beneficial for our business. The event provided us with invaluable networking opportunities, allowing us to connect with key professionals, industry leaders, and potential partners. These connections have facilitated collaborations, joint ventures, and knowledge-sharing, which have directly contributed to our business growth. Moreover, the summit exposed us to a diverse range of perspectives and insights from industry experts and thought leaders. The discussions, panel sessions, and workshops provided us with valuable information and updates on the latest trends, technologies, and best practices in the nutraceutical industry. This knowledge has enabled us to stay ahead of the curve, make informed decisions, and adapt our strategies to the evolving market landscape. Additionally, the summit offered numerous business development opportunities. From exploring new markets and customer segments to showcasing our products or services, we were able to leverage the platform to generate leads, forge strategic partnerships, and expand our business reach. The event's focus on fostering innovation and driving growth further complemented our objectives and provided us with a competitive edge in the market. Overall, the Nutrify C-Suite Summit has significantly benefited our business by strengthening our network, enhancing our industry knowledge, and creating opportunities for business development and expansion. We consider our participation in the summit as a worthwhile investment that has positively impacted our overall success and positioning in the nutraceutical sector.

Summer Bhagra

BACFO Pharmaceuticals

Connect, Knowledge sharing, Perspectives in Nutra
Excellent work. Was much better than VitaFoods India 2023 and improvements vs. last year were phenomenal. If the delta continues, this would be the name to reckon with in Indian Nutra Industry for years to come.

Brijesh Kapil

Amol Pharmaceuticals Pvt. Ltd.

3 key benefits in Nutrify C- Suite Summit 2023?

1. VERY INFORMATIVE
2. LIAISON WITH MANUFACTURERS
3. FUTURISTIC

This event was set up with the future of human health in mind. The venue was great. the lectures and panels were fantastic and very informative. Being a medical doctor for women. I realized the possibility of using nutraceuticals as adjunct therapy ...and maybe primary therapy for NON COMMUNICABLE diseases. the future of humankind depends on the Trans generational epigenetic effect on genes just by nutrition Eat healthy and supplement correctly.

Narendra Malhotra

Global Rainbow Health Care, Ujala Cygnus Rainbow Hospital Agra

3 key benefits in Nutrify C- Suite Summit 2023?

1. INTERNATIONAL AUDIENCE
2. HIGH-QUALITY NETWORKING
3. NOT VERY CROWDED LIKE OTHER TRADE SHOWS

Yes, we were able to convert the leads into business on 2 occasions and initiate communications with a few more. The fact that the event is not open to all/walk-ins ensures that whoever attends, is a prospective quality lead. The introduction of the mobile application is a welcome step, but it still has multiple bugs. The only thing that could be improved is that networking sessions could be made even more structured.

Rahul Bhadula

Ambe Phytoextracts Pvt. Ltd.

Networking, Global presence of audience.
Nutrify is a platform where eminent speakers shared their ideas and exchange of ideas and thoughts took place in a positive manner. Liked the hospitality and networking opportunities.
