

NUTRIFYTODAY C-SUITE SUMFLEX 2024

Networking the Networks

6 - 7 JUNE 2024

THE TAJ MAHAL PALACE,
MUMBAI, INDIA

POST REPORT

All Roads led to Nutrify Today C Suite Sumflex 2024 : Set New NetWorthing Benchmark

OVERVIEW

The Nutrify Today C Suite Sumflex 2024, held at the iconic Taj Mahal Palace in Mumbai, marked a significant milestone for the global nutraceutical industry. This event brought together investors, nutraceutical ingredient players, branded product manufacturers, and top medical Key Opinion Leaders (KoLs) to establish a new democratic global business platform for the industry.

EVENT HIGHLIGHTS

The Sumflex 2024, embodying the spirit of a flexible summit, focused on „Networthing the Networks.“ It emphasized business growth, democratized supply chain access, harmonization of international business norms, and data-driven, AI-powered business meetings with outcome-driven agendas. The dynamic nature of the Sumflex facilitated numerous opportunities, deals, and quantifiable outcomes.

QUANTIFIABLE OUTCOMES

1. ATTENDANCE:

- 380 nutraceutical industry decision-makers
- Over 175 international delegates

2. BUSINESS MEETINGS:

- 110 on-site data-driven AI-powered business meetings
- 62% success rate of curated leads with visible business conversions

3. SPEAKERS:

- Over 75 Indian and international speakers

4. EVENT TRACKS:

- Track 1 (OMNIACTIVE HALL): Presentations
- Track 2 (BIO-GEN EXTRACTS HALL): Panel discussions for the boardroom series show
- Track 3 (CEPHAM BUSINESS LOUNGE): Preset business meetings (day-long)
- Track 4 (IFF HALL): Innovation battlefield and networking breakouts

5. INNOVATIONS:

- First-ever immersive technology for sponsors and delegate brand engagement
- First-ever AI-powered, WhatsApp-driven meeting mapping and time slot settings
- First ever NutrifyGenie 2.0 launched with whatsapp based sourcing, Nutraceutical NPD and BOM generation real time on enterprise solution.
- First-ever live streaming of Track 1 content on TV9
- First ever 6 global media covered the Nutrify Today C Suite Sumflex 2024 (2 from South Korea, 2 from India and 2 from USA)
- First-ever promotion of industry leaders' work, including the launch of a business book by an industry leader
- First-ever convergence of top global PE/VC managing partners to fuel industry growth
- First-ever lateral learning initiatives from adjacent industries

FUTURE VISION

A powerful nutraceutical industry committee is being formed to focus on branded formulations, ingredients, supply chain, and investor relations. This committee aims to drive the evolving industry agenda into the next Sumflex event.

At NutriflyToday C Suite Sumflex, we envision a world where the responsible nutraceutical industry thrives through democratized growth. By bringing together global decision-makers, we aim to foster a network where ideas are shared, evaluations are thorough, and growth is harmonized on a global scale. Our commitment is to a beautiful and responsible nutraceutical industry growth driven by merit and empowered by cutting-edge technology.

UPCOMING INITIATIVES

As preparations for the next event begin, a series of nutraceutical marathon meetings are being scheduled through out the year along with business development meet in the month of October 2024 , targeting 150++ curated business meetings between buyers and sellers across the world. These meetings will culminate in the next convergence on June 5th and 6th at the Taj Mahal Palace to commemorate Nutrifly Today's 5th anniversary and kickstart Sumflex 2025.

THEME 2025: THE PLAY-OFF

Looking ahead, the vision for Sumflex 2025 is to create a catapult platform to accelerate responsible nutraceutical industry growth. The theme for 2025 "THE PLAY-OFF: Carving The New from the Tie" aims to trigger this growth by fostering innovation and collaboration within the industry.

CONCLUSION

The Nutrifly Today C Suite Sumflex 2024 set a new benchmark in the nutraceutical industry by fostering an environment of collaboration, innovation, and growth. With a focus on measurable outcomes and cutting-edge technology, the event has paved the way for future success of industry stake holders, setting the stage for an even more impactful Sumflex 2025.

#NutrifyCsuitesumflex2024 offered a fine platform to connect with industry peers and legends! **Pankaj Negi** and **Eric Caston** shared their learnings, experience and thoughts as #speakers on the opportunities and challenges that APAC offers in the nutraceutical space on a panel shared with other distinguished speakers from the industry.

Additionally, I got an opportunity to share the panel space with experts of the nutraceutical industry to discuss about evolving pathways for a robust nutraceutical industry! Thank you **Pankaj Negi** for this opportunity!

We would like to thank **Amit Srivastava Akansha K (Akey) Khasim MTI** and the entire team at Nutrify for bringing us all together and facilitating exchange of views and ideas in the revolutionary nutraceutical domain!

Connecting the regulators with the industry and facilitating dialogue is the need of the hour! Thankyou #teamNutrify for your effort in this direction!

Nutrify C-Suite Sumflex 2024

We are honored to announce that Bio-gen Extracts was a Gold Partner at the prestigious Nutrify C-Suite Sumflex, held at the iconic Taj Mahal Palace Hotel, Mumbai, on June 6th-7th, 2024.

The event brought together over 350 delegates from around the world, united by the mission to propel India's nutraceutical industry to a USD 100 billion market by 2047. This platform provided us with the opportunity to share ideas and drive regulatory and economic policies for the industry's advancement.

Our Founder & Director, **Saif Mehkri**, shared his insights during a dynamic panel discussion on "Building the Nutraceutical India for the World." It was invigorating to discuss key points such as ethics, science, trust, safety, and sustainability with esteemed panelists **Chandramouli Nilakantan, Sanjaya Mariwala, Arun Kelkar, and Suresh Garg.**

A special thanks to **Amit Srivastava** and his dedicated team at NUTRIFY TODAY for their passion and efforts in promoting ethical nutraceuticals in India through this event, and through their AI platform, Nutrify Genie.

We are thrilled to contribute to this vision and help consumers around the world Choose Good Health™.

The **NUTRIFY C-SUITE SUMFLEX** platform provided valuable insights into the global nutraceutical market landscape and how we can contribute to shaping the future of nutraceuticals in ingredients.. 🌱💡

It was a fantastic experience connecting with existing connections and building new relationships with industry professionals.

We're excited to share that Azoth Biotech was awarded as one of the top 5 finalists globally in the Innovation Battlefield, a global hunt for the best emerging companies in health. 🚀

Looking forward to collaborating and driving the nutraceutical industry forward together.

I'm thrilled to share my incredible journey at C-Suite SumFlex 2024! Kicking off the event on Day 1 and hosting the final segment on Day 2 was an absolute honor.

Connecting with top minds at Nutrifly Today C-Suite SumFlex from around the world and managing the console was an enriching experience that exceeded my expectations. This event brought together industry leaders from nutraceuticals, pharma, and OTC industries under one roof, featuring one-on-one business meetings, Korean stalls, and the exciting Innovation Battlefield, similar to Shark Tank.

One of the standout highlights was the launch of the Nutrifly Genie WhatsApp version, a groundbreaking platform where product innovation happens in just 15 minutes. It was a huge success and showcased the incredible potential for rapid development in our industry.

Looking forward to many more opportunities like this!

 Making an impact by bringing innovations to regulatory India market
 6d · Edited · 🌐

I had the incredible opportunity of attending the **NUTRIFY C-SUITE SUMFLEX 2024** at the Taj Mahal Palace, Mumbai. This event was an influential and dynamic conference that explored the cutting-edge innovations and growth in the food and nutraceutical industry.

Being a regulatory team expert at CliniExperts, I particularly enjoyed the regulatory insights session and the advocacy and compliance discussions. This was a wonderful opportunity for me to connect and collaborate with distinguished experts of the industry.

I have gained valuable insights and forged meaningful connections from this experience. I am extremely grateful for the chance to be a part of this transformational event! A big shout out to **Dr. Ashwini Kumar, Rashmi Verma** for being wonderful seniors & **Shipra Bisht, Rajiv Kanwal** for being an amazing team.

A big thanks to the organisers of the event, especially **Amit Srivastava, Khasim MTI, N Sudhindran ., Akansha K (Akey)** for such a flawlessly planned event and for giving us this opportunity to be a part of it.

Thank you **RAHUL KULSHRESHTHA, Aparna Tandon Jain (RD), Vivek Singh, Dr. Narendra Tripathi, Vijendra Kumar KB** for being an amazing team of panelist. All your valuable insights on the topic "Unlocking innovation in the nutraceutical industry: Connecting science, policy, regulatory & IP for a healthier future" is commendable in transforming the nutraceutical industry.

I had the pleasure to attend nutrify today summit and to give a brief talk on R&D. In a time where many see digitalization and AI as a threat for historical players especially in R&D I see it as a chance for who is knowing on how to invest in his team. As i reflect on it after giving this talk i think its all boil down this simple slide. A truly engaging 2 days where you get educated inspired and to connect or reconnect with people. Being in Mumbai I seized the chance to call my old friend and colleagues from my time at JnJ. The one I met on my first day of my first trip to India 15 year's ago and led me to fall in love with the country. People whom have always been there for me when need came and I hope i reciprocated. # friendships # partnership # trust

Hiring

- Technical Expertise:** Yes, but don't forget it is only one piece of the puzzle
- Innovation and Creativity:** Seek individuals who are curious, resourceful, and willing to challenge conventional thinking to drive innovation within your organization.
- Collaboration and Communication Skills:** Look for candidates who excel in communication and collaboration, able to effectively communicate complex scientific concepts to diverse audiences.
- Adaptability and Resilience:** The dietary supplement industry is dynamic and subject to rapid changes. Seek individuals who are adaptable, resilient, and comfortable navigating ambiguity and uncertainty.

Developing

- Business:** Understanding the business dynamic the "design to value" element is an import part of innovation success vs a novel idea sitting on the bench.
- Cross-Disciplinary Collaboration:** R&D teams should foster collaboration between different disciplines, especially externally.
- Customer-Centric Approach:** R&D efforts should be guided by a deep understanding of customer needs, preferences, and pain points. Consumers have choices.
- Leadership and Mentorship Abilities:** don't undermine the soft skills. You have an army of technical experts, then why isn't innovation happening?
- Continuous Learning and Development:** Encourage a culture of continuous learning and development within your R&D team, providing opportunities for ongoing training and position rotation.

Anand Swaroop was the inspiration behind my decision to attend the inaugural **NUTRIFY TODAY C-Suite Summit** in 2022. He was listed as a speaker and I had a newly formed company UGo Beyond and so as I was now a C-suite exec myself, I followed him to India. That was 3 summits ago.

I've long admired his dedication to the industry and not settling into a comfort zone with his business. Advocating for technology to uplift standards and thereby ingredient options available affordably benefiting the consumer.

The C-Suite Summit has evolved into the **NUTRIFY C-SUITE SUMFLEX**.

“

The C suite sumflex 2024, held by Nutrify today was a milestone event in the evolution of this industry in India. It was the second such event, held annually for the last year and this year, and by all signals we received at this event, it will be held for the next 5 years annually for sure.

The event brought participation from many more serious and right-minded players, who aligned on various areas of work and focused attention. It is becoming evident that India has a pride of place on the Nutraceuticals stage and we in India have to continue to make the right moves and claim our seat by carefully executing a strategy for global leadership. Issues like Self Regulations, Technology leadership, Sound clinical trial protocols and investments in sustainable supply chains were discussed and clarity emerged as to what India can and should do.

This is a great forum for all players in the industry to participate in. Hopefully other events like a suppliers' show and product shows could be held in parallel
The future looks bright and promising.

Sumflex 2024 proved to be an invaluable experience for C-level executives seeking to establish connections and explore opportunities in India's growing nutraceutical sector. The summit fostered an environment for networking, facilitating high-level interactions that will lead to real partnerships and collaborations.

Overall, the summit was a success for those seeking to establish a foothold in India's nutraceutical market and meet like-minded individuals. The summit's emphasis on networking, combined with its strategic location and focus on the Nutrify platform, made it an essential event for a leader with an eye on India's growing influence in the global nutraceutical landscape.

“

Nutrify Today C - Suite Sumflex is a unique platform globally, It helps to establish sound associations among the Health supplements and Nutraceutical industries nationally to internationally and globally, through excellent mechanisms of networking. The networking is also supported by an AI tool named Nutrify Genie, having a sound backup of data like, ingredients, clinical study, supply chain, smart labelling regulations..etc helping convert the network to net worth.

Undoubtedly being a responsible Nutrition associate feeling was great, Nutrify team is doing great work and achieving new milestones continuously, wishing to achieve new great milestones next year.

DR. NARENDRA TRIPATHI

“

For a person like me having Pharma formulation development background of 25 plus years in various capacities, C suite sumflex was an eye opener that motivated me to explore the nutraceutical arena.

Got the opportunity to listen to experts from all aspects of neutra market namely marketing experts, regulatory experts, formulation experts and to top it all patent expert as well. The sessions were well-planned and appropriately timed. Overall it was a knowledge-enriching experience.

I could also initiate some dialogue for new products with certain participants and exhibitors. Thank you nutrify for this great job and wishing to have this summit growing in years to come. Thanks,

”

“

It was such a pleasure attending the Nutrify C Suite Summit 2024. Having been associated with Nutrify C Suite right from its inception, it feel a sense of pride in seeing it grow from strength to strength. This summit, apart from being well organized, had strived to get a good balance of buyers and suppliers. There were quite a few new faces from the buyer's side which helped to make the summit potentially lucrative for the suppliers.

Apart from this, the meaningful discussions covering topics and panel discussions spanning from not only product development also marketing was another welcome change. Especially noteworthy was the thrust on Artificial Intelligence with its proven case studies in helping crunch timelines and costs from ideation to commercialization and last but not the least, it was wonderful to see the Nutrify team working with passion and patience.

DR. VIKRAM MUNSHI
